

HONEY POUCH

PURE HONEY. LESS WASTE.

first-of-its-kind, innovative, more sustainable honey packaging

ECO-FRIENDLY PACKAGE

LESS WASTE IN PRODUCTION

- Compared to production of traditional honey bottles, the production of Nate's pouches:
 - Use 60% less plastic
 - Consume 71% less water
 - Produce 50% less CO₂ emissions

LESS HONEY WASTE

99% PRODUCT EVACUATION

- Flexible packaging makes it easy to squeeze out the last drop of honey
- Cap-down design allows for quicker dispensing

NO-DRIP CAP

- Controlled-volume dispensing
- Product cutoff that makes honey drips a thing of the past
